Information Worksheets

Name

.....
.....

Lifestyle

1. Lifestyle
2. Job

The above information can be found using the various resources available at home.

You are advised to print off any information you feel is relevant to the work you are doing from the Internet. If you find some information in a book try to photocopy it for reference. Or include information from any other sources (ie careers office).

Any information gathered would be used to write the first part of an assignment (unit 1), which will help you to gain the BTEC award.

You may work in pairs to gather the research material but your finished assignment must be your own work and not shared with your partner.

The assignment is externally assessed. This means someone who is not connected to the school will mark the work.

You can watch the following short clip to support your learning-
