Dear Parent/Carer

Re: Post 16 Opportunities for students in Calderdale

I am writing to you as a parent / carer of a young person who has recently started Year 11 to invite you and your son / daughter to our first virtual programme of **Get Organised Event being held on Tuesday October 12th**

The aim of **Get Organised** is to arm you and your son/daughter with relevant information about the options available for education and training after Year 11, to help them plan for their future jobs, apprenticeships or further education.

Over four hours; Get Organised 2021 brings together 13 events to talk about apprenticeship schemes, colleges and 6th forms, universities and employment support projects. The programme will enable you to hear from:

- Support organisations talking about how they can help you and your son/daughter navigate post 16 options via the Get Organised programme;
- 6th form schools and colleges across Calderdale to find out about their courses, the offer, and how you apply;
- Apprentice provider introducing apprenticeships, how they work and the benefits.

To find out about the support and information available to young people in Calderdale please visit: <https://www.calderdale.gov.uk/v2/residents/education-and-learning/youth-support/post-16-options/get-organised-2021> where you can:

- find information about each event;
- book onto as many events as you think are useful;

The [contact](#) for this programme of events is the Employment Hub Team at Calderdale Council, helping young people across the district find jobs, apprenticeships or further training and education. You can also follow the Employment Hub on twitter [@GYFCalderdale](#) or contact them through [Facebook](#).

You can contact the Employment Hub team on growyourfuture@calderdale.gov.uk and a member of the team will get in touch.

I do hope you will find the programme useful and informative.

Yours sincerely

Chris Sylge
School Effectiveness Officer
Calderdale MBC
